## Cockburn Sound - James Point

Mariners are advised that that vessels 'Noel' and Unmanned Survey Vessel "Unique Subsea" (USV) will be conducting survey activities at the James Point area of Cockburn Sound.

- This is a Marine Hydrographic Survey to inform the design of the Westport Project.
- The works primarily involve a remote controlled vessel (USV) operated from workboat 'Noel' that will also act as the support and retrieval vessel for the USV.
- The workboat will have continuous visual contact with the USV for the duration of the survey.
- Workbook 'Noel' will be maintaining a watch on VHF channel 12 and 16 and visible on AIS and shall give way to commercial shipping movements.
- For enquiries, please contact the Westport direct line 1800 875 000
